NEUROLOGY CORE PRIVILEGES

Criteria:
- a) Board Certification or qualified for certification by the American Board of Psychiatry and Neurology; OR,
- b) Successful completion of an ACGME or AOA approved Neurology training program.

Proctoring Requirements: A minimum of eight (8) cases, in accordance with the Medical Staff Proctoring Protocol.

GENERAL PRIVILEGES:

- Admitting Privileges
- Consultation Only privileges

Sedation Analgesia
Criteria: Requires successful completion of the Sedation Assessment Test

Additional criteria effective April 1, 2015: a) Evidence of current ACLS and/or PALS from the American Heart Association; AND b) Evidence of completion of an Airway Management Course

- a) Adult Sedation
- b) Pediatric Sedation (17 years and under)

NEUROLOGY CORE PRIVILEGES

Includes the management and coordination of care, treatment and services, including:
- Medical history and physical examinations, consultations and prescribing medication in accordance with DEA certificate. (ACC)

- Diseases of the central nervous system including brain stem and spinal cord
- Diseases of the peripheral nerves, including traumatic, but not requiring surgical repair.
- Diseases of the brachial and lumbar plexus, including toxic and metabolic conditions but not requiring surgical repair
- Diseases of the neuromuscular junction, including toxic and metabolic conditions but not requiring ventilatory support

MRS - Neurospectroscopy
Criteria: Requires completion of an approved training course and evidence of completing fifty (50) hours of Neurospectroscopy training.

SLEEP - POLYSOMNOGRAPHY
Criteria: Physicians applying for initial privileges after March 1, 2011 must meet the following criteria:
A) Board certified by either the American Board of Sleep Medicine or the American Board of Psychiatry and Neurology with Certificate of Special Qualifications in Sleep Medicine; OR
B) Board Certified in Neurology AND successful completion of a twelve (12) month ACGME or AOA approved Sleep Medicine Fellowship program, such as to qualify for certification by the American Board of Psychiatry with Certificate of Special Qualifications in Sleep Medicine and must obtain board certification within two years of completing the Sleep Medicine fellowship program.
(Physicians granted Sleep Polysomnography privilege prior to March 1, 2011 shall maintain their existing privileges under the following criteria: Requires board certification in Sleep Medicine.)
Proctoring Requirements: Three sleep polysomnography cases must be proctored.

TELENEUROLOGY PRIVILEGES
Criteria: Applicants must be a member of either Code Stroke Team or the Epilepsy Brain Mapping Unit and provide documentation of completing at least three (3) Teleneurology consults within the previous twenty-four (24) months. Competency Requirements: Must provide documentation of completing at least two (2) Teleneurology consults within the previous twenty-four (24) months.

Teleepilepsy Privileges
Criteria: Must be a member of the Code Epilepsy Brain Mapping Unit (EBMU) Team
Telestroke Privileges

Criteria: Must be a member of the Code Stroke Team

Deep Brain Stimulation (Movement Disorders)

Criteria: Applicants must submit documentation of performing at least ten (10) procedures total experience.

Competency Requirements: Must provide documentation of performing at least three (3) procedures within the previous twenty-four (24) months. Please enter the number of Deep Brain Stimulation procedures you have performed during the past twenty-four (24) months: ________

Proctoring Requirements: The first three (3) procedures must be proctored and satisfactorily completed.

Vagus Nerve Stimulation

Criteria: Applicants must submit documentation of performing at least ten (10) procedures in two (2) years.

Competency Requirements: Must provide documentation of performing at least three (3) procedures within the previous twenty-four (24) months. Please enter the number of Vagus Nerve Stimulation procedures you have performed during the past twenty-four (24) months: ________

Proctoring Requirements: The first three (3) procedures must be proctored and satisfactorily completed.

Intrathecal Baclofen Trial

Criteria: Applicants must meet the criteria defined in either Section "A" or "B" below:

A. Completion of an ACGME or AOA approved Residency or Fellowship Training program which included training Intrathecal Baclofen trials, AND submit documentation from the training program Director of the successful performance of a minimum of three (3) ITB trials during training and submit documentation of performing at least three procedures within the last three years; -OR-

B. On or before December 31, 2012 completion of an ACGME or AOA approved Neurology Residency or Fellowship training program; AND provide evidence of training in the ITB Baclofen Trial procedure AND documentation of the successful performance of a minimum of ten (10) ITB trials from the Department Chair/Director at the institution where the applicant has recently performed these procedures.

Competency Requirements: Physicians must submit evidence of performing at least three (3) procedures within the previous twenty-four (24) months.

Proctoring Requirements: Proctoring of the first two (2) procedures will be required.

DEPARTMENT CHAIR RECOMMENDATIONS

I have reviewed the requested clinical privileges and supportive documentation for the above named applicant and recommend action on the privileges as noted above.

Applicant may perform privileges and procedures as indicated: YES NO

Exceptions/Limitations (Please Specify): ____________________________________________

APPROVALS:

Section Chair: Date:

Department Chair: Date:

Credential Committee Date:

Last Revised: 6/28/07; 3/25/10; 2/24/11; 5/26/11; 6/23/12; 01/24/2013; 10/30/2014

ACKNOWLEDGEMENT OF THE PRACTITIONER:
I have requested only those privileges for which my education, training, current experience and demonstrated performance I am qualified to perform, and that I wish to exercise at Huntington Hospital, and I understand that: a) in exercising my clinical privileges granted, I am constrained by hospital and medical staff policies and rules applicable generally and any applicable to the particular situation; b) any restriction on the clinical privileges granted to me is waived in an emergency situation and in such a situation my actions are governed by the applicable section of the Medical Staff Bylaws or related documents.
