**CATEGORY 2 - PEDIATRIC SURGERY PRIVILEGES:**

**Criteria:** New applicants and current staff members: Must meet the criteria outlined in Category 1 Pediatric Surgery Privileges; **AND** submit evidence of experience and demonstrated competence in each procedure requested.

**Category 2 - Advanced Laparoscopic Privileges**

**Criteria:** Applicants must be currently privileged in Category 1 analogous open procedures; applicants must hold Basic Laparoscopic privileges **AND** have completed proctoring for the Basic Laparoscopic procedures; **AND** applicants must provide evidence of specific advanced laparoscopic training and experience as part of an accredited surgical residency program in the Advanced Privilege group being requested.

**Proctoring Requirements:** A minimum of three (3) representative sample cases. The proctor must be a member of the HMH Medical Staff, approved by the General Surgery Section, who has completed proctoring in the Advanced Laparoscopic procedure category being proctored. These minimum cases do NOT supplant the six cases required as a Provisional Staff member.

**Competency Requirements:** Evidence of the successful performance, as primary surgeon, of at least three (3) Advanced Laparoscopic procedures every two (2) years.

**Advanced Laparoscopic Procedures**

- Laparoscopic intestinal procedures to include: small and large bowel resection and anastomosis, right and left colon resection, low anterior resection, abdominal perineal resection, colostomy formation, colostomy closure (excluding bariatric surgery)

- Laparoscopic gastric procedures to include: gastric fundoplication, gastric resection, gastroenterostomy, vagotomy, duodenal procedures and gastric tube placement (excluding bariatric surgery)

- Laparoscopic hernia repair

- Laparoscopic solid organ procedures to include: adrenal, pancreas, kidney and liver splenectomy and spleen
Category 2 - Robotic Laparoscopic Advanced Privileges

Criteria: Applicants must be board certified or eligible for certification by the American Board of Surgery; must have current laparoscopic privileges in the specific procedure being requested; must have completed Training Workshop for the da Vinci system; AND meet either Route "1" or Route "2" criteria below.

ROUTE "1" CRITERIA: Previous practical experience via an accredited residency or fellowship program with documented clinical experience of a minimum of twenty (20) robotic assisted procedures, with at least ten (10) as the primary surgeon.

Proctoring Requirements: At least the first three (3) cases as the primary surgeon, proctored by a surgeon who has performed a minimum of ten (10) robotic procedures.

Competency Requirements: Performance of at least five (5) robotic procedures per year as the primary surgeon to maintain robotic privileges. Physicians who fail to meet the competency requirements will be required to undergo proctoring of at least three (3) cases.

ROUTE "2" CRITERIA: Completion of an approved residency or fellowship program in general surgery with documented clinical experience of at least twenty-five (25) laparoscopic procedures within the last year.

Proctoring Requirements: At least the first five (5) cases as the primary surgeon, proctored by two different surgeons who have performed a minimum of ten (10) robotic procedures.

Competency Requirements: Performance of at least five (5) robotic procedures per year as primary surgeon to maintain robotic privileges. Physicians who fail to meet the competency requirements will be required to undergo proctoring of at least five cases.

Robotic Laparoscopic Procedures
