

Integrative Oncology

Suzie Kline, PhD

- A science and philosophy that focuses on the whole person, connections between the body, mind and spirit as well as healthy lifestyles.
- Evidence-based, natural and cost-effective healing modalities in cancer care.
- Goals of increasing quality of life and enhancing cancer treatment.
- Supports conventional cancer therapy.

Therapies include:

- Acupuncture (New patients receive the first two sessions at no charge; thereafter \$30 each, payment via check or credit card, we do not bill insurance.)
- Chinese nutritional therapy
- Mindfulness/breathing exercises
- Integrative health coaching on self-care and stress management
- Massage therapy
- Group meditation and hypnotherapy via on-site partners
- Kinesio taping
