

Application Process & Information

The Graduate Medical Education residency programs at Huntington Hospital accept applications through the internet-based ERAS program. The same application process applies to both the General Surgery and Internal Medicine Residency Programs.

Documentation submitted through ERAS must include:

- Completed Application Form
- Recent Photograph
- CV and Personal Statement
- Dean's Letter
- Transcript
- Three Letters of Recommendation
- Results of USMLE/COMLEX examinations, Steps 1 and 2

Criteria for all medical school graduates:

- Passing of USMLE/COMLEX examinations on the first attempt.
- Graduation from medical school within the last 5 years.

The deadline for all applications is December 1st. Interviews are by invitation only and will be arranged at a mutually convenient time. Due to the large volume of applications, we are unable to continually update you on your application status. Letters of declination will be sent to all applicants not selected to interview by December 10th.
